November 2011

Dear Friend of the Newman House:

The Peace of Christ be with you! I am writing today, November 2, 2011, the Feast of All Souls, to remind you that your deceased loved ones are always remembered in our prayers and Masses here at the Newman House at Binghamton, University. You too, and your intentions are always included in our students prayers and Masses. It is the most beautiful way we stay connected as Bearcats, through PRAYER for one another.

We are enjoying a wonderful first semester here at the University. We have many new students attending worship here at the Newman House (many new musicians that enhance our liturgies), and we had a very moving retreat in late September. Some of our students are attending Scripture study and we have 3 candidates for reception into the Church through our RCIA program. You would have been so proud of many of our students who helped greatly when our local community suffered from devastating flood this Fall. They were truly inspiring! Thank God, the Newman House was spared any damage.

I am seeking your ongoing generous financial support for our mission here at the Newman House. Your assistance is vital to our ongoing ministry of presence, Sacrament and prayer. Our students are so grateful and so responsive because you make it possible for us to be here. Knowing that our economic situation is difficult for all of you, I beg you to try and give what you can for our continued work here. Please fill out the other side of this letter and return it with whatever financial contribution you can make and, PLEASE remember always, to pray for us!

God Will Not Be Outdone in Generosity!

Corey Van Kuren, Chaplain
