## Meet the Newman House!

As we strive to create a home here on campus, get to know some

fellow community members!

Hello Newman House! For those of you who don't know me, my name is **Paty Acipreste** and I am currently the **President of the Newman House**. I was born in Brazil but Long Island is home for me. I'm currently a junior here at Binghamton University triple majoring in Financial Economics, Spanish, and LACAS. I also currently serve as an Undergraduate Program Assistant for the Emerging Leaders Program, and am on the E-board for Circle K. My passions include volleyball and life in general! I'm extremely grateful for the Newman House and am excited to continue growing as a club. I wish to make everlasting friendships through the NH and couldn't imagine my college career without this amazing newly chartered club. After being confirmed last year and receiving a strong Catholic base from my family, I made the NH my second home here at Binghamton. My wish is for us young adults to never lose sight of our faith and to always prioritize God in our lives. If you ever have any questions or concerns regarding anything at all, please feel free to reach out to me.

I leave you with one of my favorite quotes; "My flesh may fail, but my God, You never will".

*“I sought to hear the voice of God and climbed the topmost steeple, but God declared: “God down again—I dwell among the people.”*

*Blessed John Newman*

## October in Review

**Corn Maze:** As a way to celebrate Fall, members of the Newman House went to Stoughton Farm to try their hands at a corn maze—at night! Directly following weekly Eat, Pray, Love a fun time was had by all who attended. Keep an eye out for more fellowship events to have good time and make memories (and friends!).

**Soup Kitchen:** This “Halloweekend” members of our community took their Saturday afternoon and spent it at Saint Mary’s Soup Kitchen to serve the greater Binghamton community. With a variety of jobs for the volunteers, the Newman House was very excited to participate in this act of service. There will be other service opportunities this semester; consider joining us! Take your Catholic faith and live it! As St. Francis of Assisi said, “Preach the Gospel, and if necessary, use words.”

**Sr. Lyn at Eat, Pray, Love:** Another reason to drop by EPL: sometimes we have guest speakers! As part of the prayer portion of our weekly dinners, Sr. Lyn, CSJ, gave us a brief overview of Laudate Si. Laudate Si is Pope Francis’s second encyclical and message to the world about consumerism and irresponsible development and how it is damaging our environment. The subtitle for this message is: “Our Care for Our Common Home.” Thank you for taking the time to come speak with us Sr. Lyn!

**Interreligious Panel:** The Newman House was very excited to participate in this CIW RA event where different religious communities around campus were invited to come and speak about the practices of their respective faiths and how it impacts their lives. The public relations representative, Beth Ann Meluni, happily represented the Newman House. Thank you to CIW RAs for putting on such a great event!

**Yankee Candle Fundraiser:** The Newman House is currently holding a Yankee Candle Fundraiser to raise money for community events. Please consider supporting us! It’s the holiday season and these candles would make great gifts! Visit [yankeecandlefundraising.com](http://yankeecandlefundraising.com) and use the group code, 990104214. 40% of the proceeds go directly to us!
